rmcdonald@washjeff.edu

# Beyond the Classroom

Students have many opportunities for research, internships, conferences, and networking beyond the classroom that give them an advantage to prepare for life after W&J.

## Research

---

Independent Study or Honors Projects

Off-Campus Summer Research Experiences

Presentations of course-based, faculty-led, and independent research at:

- Poster Sessions
- Undergraduate Conferences
- Professional Meetings

## Internships

---

Psychology majors have completed internships in a variety of settings, including:

- inpatient and outpatient mental health treatment centers (e.g., Southwood Psychiatric Hospital)
- drug and alcohol treatment facilities (e.g., Gateway Rehab Center)
- human resource departments
- schools
- child protective services
- attorneys' offices
- medical facilities
- research laboratories

## Employment - Post W&J

---

Psychology majors go on to successful careers in a wide variety of fields, including:

- mental health (e.g., therapist, school psychologist, clinical social worker)
- legal professions (e.g., forensic psychologist)
- medical professions (e.g., occupational therapist)
- business (e.g., human resources, marketing)
- education (e.g., teacher, professor)
